

Gas Supply

AVK offers a wide range of fixed and height adjustable surface boxes in various dimensions, which can be used in many fields of application. Apart from economic benefits, AVK synthetic surface boxes are lightweight, user-friendly, easy to open, noiseless and maintenance free. Most of AVK surface boxes are designed and approved according to DIN/EN standards, but can also be designed according to local standards or customer specifications. The carbon footprint (CO₂ emission) of synthetic surface boxes, measured from resource to end of life, is significantly lower compared to surface boxes made of traditional materials, making AVK surface boxes ecologically sound.

Use:

Fixed height surface box with synthetic lid, for distribution valves and district heating, standard lid inscription: GAS

Features:

- Lightweight, user-friendly, silent and maintenance free
- 100% recyclable and significantly less use of resources compared to traditional materials
- Manufactured out of high grade recycled materials
- Ribs in housing ensure optimal fixation in road foundation
- Selected materials for housing and lid ensure easy opening at all times
- Heat resistant to max. 160 °C
- Suitable for low-temperature applications
- Lid material discourages thieves; no value in stealing
- Synthetic lid enables signal transmission
- D400 load bearing capacity on complete surface*

Design

- Design derived from DIN 3581 (-4)

Optional

- Various colours and lid inscriptions possible
- Available as lockable version making the surface box tamperproof

*Results of the load-bearing capacity test on the complete surface, following the internally used load application method, and declaring the load-bearing capacity according to the corresponding class as per EN 124-1:2015, clause 7.2, table 4

SYNTHETIC SURFACE BOX TYPE 3584

80/37-004

For distribution valves and district heating, H-3584 MD-KU, Classic

Component list:

1. Lid	PP GF40	5. Housing	HDPE
2. Fastener	Stainless steel A2	6. Nut	Stainless steel A2
3. Bolt, hexagon head	Stainless steel A2-70	7. Washer	Stainless steel A2
4. Nut	Stainless steel A2	8. Crossbar	Stainless steel A2

Metallic components may be substituted with equivalent or higher-grade materials without prior notice, provided that this is in compliance with the approvals.
