Type 6

Water Supply

Wastewater Treatment

Gas Supply

Fire Protection

AVK offers a wide range of fixed and height adjustable surface boxes in various dimensions, which can be used in many fields of application. Support tiles are often used to increase support in weak soils. AVK support tiles are made of high grade polyethylene mix making them lightweight, easy to handle and recyclable.

Use:

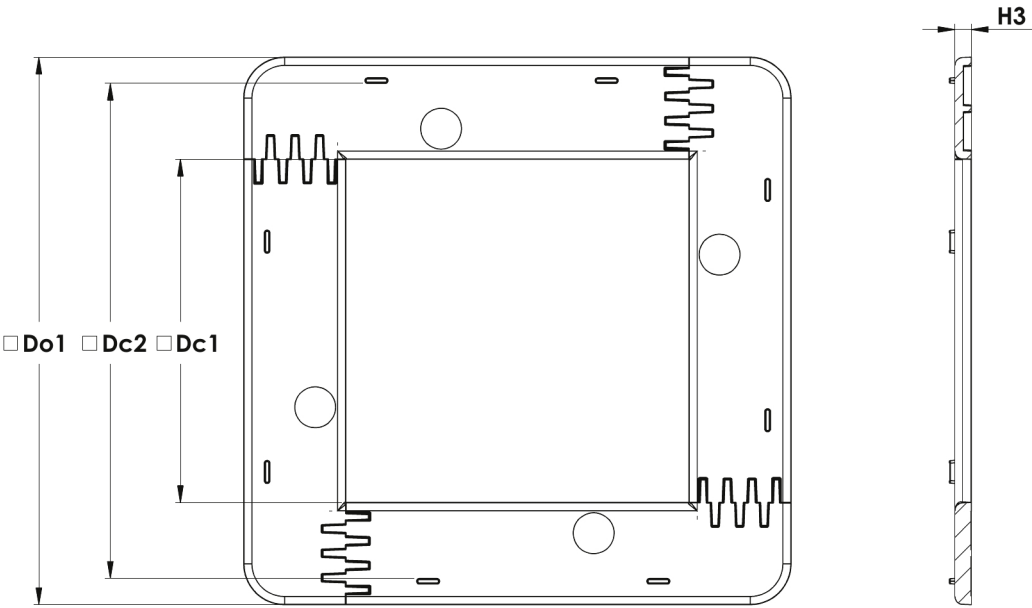

Plastic support tile, square version with a snap-fit system for surface box series 80/36-004. The support tile is supplied with two fixing plugs for securing the surface box to the support tile.

Features:

- Support tiles will increase support surface in weak soils
- 100% recyclable

The designs, materials, dimensions and specifications shown are subject to change without notice due to the continuous development of our product range.
