

TOP FRAME

80/46-073

For Purbra

Water Supply

Wastewater Treatment

Gas Supply

Fire Protection

AVK offers a wide range of fixed and height adjustable surface boxes in various dimensions, which can be used in many fields of application. Top frames are often installed in green zones and pedestrian areas to protect the surface box and improve visibility. AVK top frames are made of high grade polyethylene mix making them recyclable and significantly lighter and therefore more easy to handle than concrete top frames.

Use:

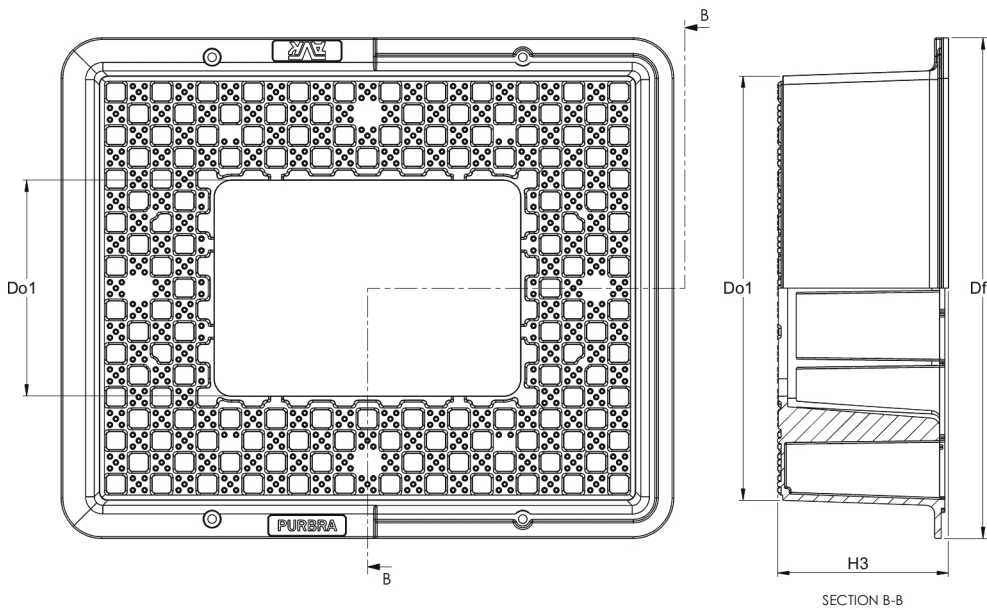

Synthetic top frame for surface box 80/41

Features:

- Protection of surface box in green zones and pedestrian areas
- 100% recyclable
- Top frame improves visibility of- and access to surface box in green zones as grass will not overgrow the surface box
- Weight reduction compared to concrete top frame for easy handling and reduced carbon footprint
- Ribs in housing ensure optimal fixation
